Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Wednesday 17 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly wet and windy, but bright spells tomorrow afternoon.

This Evening and Tonight:
Cloudy, with outbreaks of occasionally heavy rain spreading to all areas during the evening. Tuning briefly dry as rain clears to the north through the early hours, before further heavy rain arrives from the west around dawn. Strong, gusty winds. Minimum temperature 5 deg C (41 deg F).

Thursday:
A cloudy and wet start, as a band of heavy rain crosses the region through the morning. Brighter by the afternoon, with sunny spells and blustery showers. Mostly dry overnight. Maximum temperature 9 deg C (48 deg F).

Outlook for Friday to Sunday:
Outbreaks of rain, heavy at times, accompanied by strong winds on Friday. Staying wet and windy on Saturday. Drier and calmer on Sunday, though still a few showers. Mild throughout.
